With Justice Hughes well off in the lead for the Republican nomination with the opening of the convention in Chicago, it begins to look like the "stand patters" are going to put it up cold to Teddy to either endorse the nominee or do the other thing. True, he will be offered all sorts of inducements in the shape of the adoption of "policies" as planks in the platform and if he shows any indication whatever of coming back to the ranks of the faithful the old guard will probably give him anything he asks, but the nomination, and although anything may happen, it now looks like that were out of the question. The Progressive convention is marking time, and if the Bull Moose leaders can keep the situation in hand, will probably take no action until after the G. O. P. nomination is made. This, Mr. Perkins and his lieutenants admit they are having some trouble in doing, and say that it may be necessary to send for the Colonel to sit tight on the lid and keep the "boys" from spilling the beans. The way it stands now Teddy has the fall of the play and unless things get away from him he is going to have the last say and he will undoubtedly use it as a big stick in forcing concessions from the standpatters in case he decides to return to the fold. From a practical political standpoint that would be the wise thing to do. Teddy is no fool, whatever may be his other many faults, and he no doubt now sees that he can never hope to again be president, but he can go back into the party as the man who reunited the G. O. P. and be a big man in the Republican ranks (whatever that may amount to), and to a disinterested spectator on the side lines that seems to be his plan.

For several weeks there has been much speculation over the prospect as to whether or not Bates County would have a candidate for the Democratic nomination for circuit judge and Hon. W. A. Allen, of the Butler County Press Association, has been named as the candidate.

go before the people. Mr. Jackson accurately outlines what is apparently the sentiments not only of the bar, but the people throughout the county when he says: "I am well satisfied with Judge Calvird as judge. He is competent, painstaking, fair, courteous and obliging in the discharge of his duty."

An examination of the records of Congress shows that Senator Boies Penrose has not been in Washington for two consecutive days since the present Congress convened, and on 124 roll calls he has answered but 11 times. Boies cares not who makes the laws of this country, provided he can run the Republican machine.—St. Louis Republic.

County Press Association Formed.

The Bates County Press Association was organized in Butler Saturday afternoon at a meeting of the several publishers of the county held for the purpose of discussing trade conditions.

The visiting members were the guests of the local newspaper men at dinner at the Fraternal Inn at noon.

The meeting, which was held in the parlors of the Fraternal Inn, was called to order at 2 o'clock p. m. by S. W. Davis of the Butler Democrat and temporary officers were chosen as follows: Chairman, J. E. Dowell of the Adrian Journal; Secretary, Lewis W. Moore of the Hume Telephone. After a discussion of business conditions, the temporary organization was made permanent and Mrs. Frank Pattee of the Amoret Leader was elected treasurer.

Those present at the meeting were: J. E. Dowell of the Adrian Journal, Mr. and Mrs. Frank Pattee of the Amsterdam Enterprise, C. W. Ellis of the Amoret Leader, Lewis W. Moore of the Hume Telephone, Leon Matthews of the Rich Hill Enterprise, Lewellyn Smith of the Rockville Booster, W. O. Atkeson of the Bates County Record, C. A. Chambers of the Republican Press, H. H. Henry and Sam W. Davis of the Bates County Democrat and R. D. Allen of the Butler Times.

A committee was appointed to draft a constitution and by-laws.

Hill's Estate is 10 Million.

St. Paul, June 6.—James J. Hill, the railroad builder who died last week, did not leave a will. His widow this afternoon filed a petition in probate court of Ramsey County, asking that her son, Louis W. Hill, president of the Great Northern Railroad Company, be appointed administrator of the estate, the value of which is placed at 10 million dollars. The petition was also signed by the eight children. It was at first reported that the estate was much larger.

Birthday Celebration.

Wednesday was the 70th anniversary of the birth of Dr. S. W. Maxey of Johnson, and about fifty members of the Johnstown Christian church, for which he has preached for the last 30 years thought the day should be celebrated. Just before noon they gathered at the Maxey home with well filled baskets and completely surprised Dr. Maxey. It was a happy crowd and none enjoyed the occasion more than he in whose honor they had gathered together.

Circus at the Opera House.

Manager Parrish of the Opera House picture show has secured the Burns & Kokes Comedy Circus for the Opera House Thursday, Friday, and Saturday night, and Saturday matinee. This is a sure enough circus, all but the tent. There is trapeze acts, trained dogs, monkeys and funny clowns. Come and sit in a comfortable seat and enjoy a circus.

Swiftness Lost in Iowa.

Des Moines, Ia., June 6.—Returns from 617 Iowa precincts show woman suffrage behind the vote standing 67,157 for, 70,779 against. Suffrage leaders claim that returns from the 125 country precincts indicate that 60 per cent of the farmers are voting for "votes for women" and that it will carry.

And the Little Ford Rambled Right Along.

Mr. Carl Norfleet
Butler, Mo.
Dear Sir:—

I will give you an account of that Ford on our trip to Colorado Springs. We left Kansas City on the old Santa Fe trail. I never saw such roads. You can run all the way in high. We were out 15c for repair. The oil gauge got to leaking. Used up one gallon of oil and 40 gallons of gas. We had one puncture in Kansas City. We got on a tack, but had Butler air in all the other tires when we got here. We never had a bit of trouble only to hold it down. A car will almost fly on the roads out here. We went up in the mountains 35 miles yesterday and struck some hills that were hills. We had to pull one hill 2 miles on low and when we came down we had to come in low most all the way. It was very cold up there and we had to put on more air and less gas in that high altitude. We were up about 10,000 feet.

Crops look good through Kansas, lots of wheat and alfalfa all the way. We ran ten miles just west of Hutchinson, Kansas, at the rate of 25 miles per hour without ever touching the 35c. How do you like that? We cut ran a freight train four miles in Kansas. The road follows the railroad all the way out here. We are going to Denver now. They say it is the best place. It is

Kilgallon to be Interned.

Washington, D. C., June 6.—Ambassador Page at London notified the State Department today that John J. Kilgallon, the young New York student arrested in Dublin in connection with the Sinn Fein uprising, probably would be interned until the end of the war under the defense-of-the-realm act.

A request for the youth's release was made recently by the department at the instance of Senator O'Gorman of New York. Kilgallon was attending school in Dublin. The exact nature of the charges against him has not been made known.

I. O. O. F. Meet Officers.

At the regular meeting of the lodge No. 101 I. O. O. F. held Tuesday evening the following officers were elected for the ensuing term: Grand W. C. Croft, N. C. John H. Kohn, V. G. H. H. Fullbright, Treas.

The executive officers will be appointed at a later date. The new officers will be installed at the first meeting in July.

Saved from Storm by Prayer.

Wichita, Kas., June 6.—At a meeting of Presbyterians in Comanche County, south of Coldwater, Kas., a hailstorm approached. The Rev. A. G. Alexander of the Coldwater Church, who was delivering a sermon, stopped it and announced a hymn. The darkness grew appalling, but the congregation sang the louder. Then came a rumbling sound and a look out at the window informed them that a twister of no mean size was coming. Whether it would strike the church or not was not the question. Safety first was announced and the minister and the hearers knelt in prayer, after he had quieted some of the women, who had become panic stricken.

When the prayer had been finished the storm was gone. It missed the church, but it took the tops from the motor cars of a number of the congregation and leveled trees nearby.

The church folk say the prayer saved their lives.
